ANDAMAN ISLANDS

In Wonderland

Dr Tilak Ranjan Bera

TRAVEL / NATURAL SCIENCE

₹1750/£30/\$50 HB

ISBN: 978-93-83098-65-1

Size: 225 x 225mm, 232pp,
130 gsm art paper (matt),
133 photographs, all colour,
Hard bound with dust jacket

- **The book reveals the natural, cultural and human wealth of these islands.**
- **A handiwork of the author's extensive research and exploration of the region spanning 15 years.**
- **The text is supported by exclusive photographs showing the pre- and post-tsunami states of the islands.**

This fascinating book takes the reader on a journey to the Andaman Islands, a captivating archipelago that has been shrouded in mystery because of its geographical distance from the mainland of India. The author, in his unique style and lucid manner, reveals the natural, cultural and human wealth of these islands through his personal experiences, extensive studies and explorations of the region for over 15 years.

Andaman Islands: In Wonderland captures the various moods of the terrain and its rich heritage in different seasons. It contains detailed descriptions of the disastrous effects of the tsunami that took place on 26 December 2004. Exclusive photographs and meticulous presentation make the book a collector's choice.

Dr Tilak Ranjan Bera is an avid nature lover and has a passion for travelling, writing as well as photography. He completed his medical graduation from Calcutta Medical College in 1981 and post-graduation in Ophthalmology from Mumbai University.

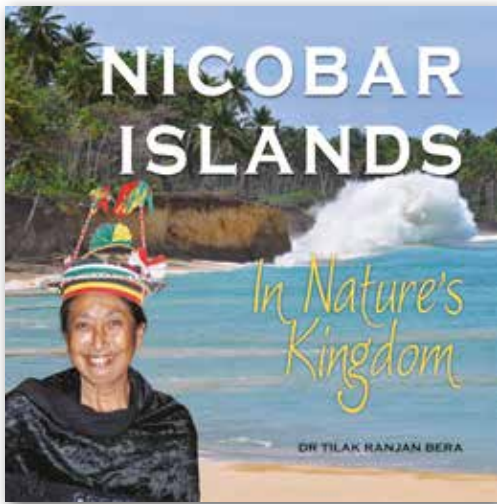

Dr Bera has also explored many remote areas of India and has written about them extensively. In recognition of his works, he was awarded the Fulbright-Nehru Fellowship by the United States-India Educational Foundation as well as a Senior Research Fellowship by the Ministry of Culture, Government of India. He was an Associate at Yale University in USA during his Fulbright Fellowship.

NICOBAR ISLANDS

In Nature's Kingdom

Dr Tilak Ranjan Bera

TRAVEL / NATURAL SCIENCE

₹1995/£35/\$50 HB

ISBN: 978-93-83098-66-8

Size: 225 x 225mm, 292pp,

130 gsm art paper (matt),

163 photographs, all colour,

Hard bound with dust jacket

- **One of the very few books on the “forgotten archipelago”, the Nicobar Islands.**
- **A documentation of the unique physical features and cultural peculiarities of the people living in these islands.**
- **The text is supported by exclusive photographs showing the pre- and post-tsunami states of the islands.**

The author is in love with the little known islands of the Nicobars and the simple people who live a peaceful life there. He has visited the archipelago several times before and after the tsunami of December 2004. This book is an extraordinary travelogue that records these visits. It also features some rare photographs that bring out the unique physical features of the region as well as the cultural peculiarities of its people.

Dr Tilak Ranjan Bera is an avid nature lover and has a passion for travelling, writing as well as photography. He completed his medical graduation from Calcutta Medical College in 1981 and post-graduation in Ophthalmology from Mumbai University.

Dr Bera has also explored many remote areas of India and has written about them extensively.
