*This memoir gives us a glimpse into the mind of young Tagore and his evolution as a great poet and writer.*

*The rich and eventful life of Tagore has many concourse which cannot be gauged from his writings. This memoir is the only source of learning about them With this book Tagore's prose has come onto its own and shaped the course of Bengali Prose writing.*

*Jibonsmriti*, was translated into English by Tagore's nephew, Surendranath Tagore, though retouched and slightly changed by Rabindranath himself. It was serialised in RamanandaChattopadhyay's *The Modern Review* under the title *My Reminiscences* from January to December, 1916. To thwart the attempt by any foreign publisher to publish it, all the issues of *The Modern Review* carried the declaration, 'All Rights Reserved. Copyrighted in the United States of America'. Interestingly, Rabindranath himself advised RamanandaChattopadhyay to mail one copy each of the issues of *The Modern Review* carrying *My Reminiscences* to W. B. Yeats and Ernest Rhys. In April, 1917, it was published as a book by MacMillan, New York, with a colour portrait by Sasi Kumar Hesh as the frontispiece, apart from 12 paintings by GagnendranathTagore.

This book Rabindranath has etched in words many of his primary experiences about his future poetry, plays and novels. A surging passion for being one with Nature, a sense of imagination-filled solitariness even in the midst of a crowd, a consciousness of the concrete and yet non-recognition of its weight—all these aspects of the book inform his later creations. In that sense.
